

COOKIE care

COOKIES WILL REMAIN FRESH IN THEIR HEAT SEALED PACKAGING LEFT AT ROOM TEMPERATURE.

DO NOT STORE THEM IN THE REFRIGERATOR

IF YOU WILL BE CONSUMING AT A LATER DATE, THE COOKIES CAN BE FROZEN FOR UP TO 3 MONTHS. TO DO SO, LEAVE THEM IN THEIR HEAT SEALED PACKAGING AND PUT THEM IN AN AIR-TIGHT CONTAINER PRIOR TO PUTTING THEM IN THE FREEZER.

REMOVE THE CONTAINER FROM THE FREEZER AND ALLOW THEM TO COME TO ROOM TEMPERATURE.

DO NOT OPEN THE CONTAINER UNTIL IT HAS REACHED ROOM TEMPERATURE. OTHERWISE CONDENSATION CAN FORM AND WILL RUIN ANY DECORATIVE WORK ON THE COOKIES.

Enjoy!
